MOVING?
Don’t Get Caught in a Trap

CHECK OUT YOUR MOVER FIRST

The Internet makes it easy to find almost anything online, including a mover. But it also makes it easy for crooks masquerading as real movers to take advantage of you. So when you shop for a professional mover online, it’s important to make sure you’re dealing with a legitimate, reputable company. Southwest Movers Association and the Texas Department of Motor Vehicles are teaming up in May for National Moving Month to make sure you know how to protect yourself when hiring a moving company. Learn the proper steps at www.mytexasmover.com or www.TxDMV.gov.
