

MAKE THE SMART MOVE

Choose a **Pinnacle** Mover

A SIMPLE CHOICE

As a consumer, you have many choices when it comes to selecting a company to move your possessions. A number of factors should be taken into consideration—the track record of the company, adherence to rules and regulations, past service and commitment to safety.

SMA helps make that a simple choice by identifying elite moving companies and bestowing upon them the prestigious Pinnacle Mover Seal of Approval.

Pinnacle Mover companies have passed a rigorous certification process where every major element of business practices meets or exceeds guidelines beyond industry requirements.

THE BEST OF THE BEST

The Pinnacle Mover Program was developed to promote and recognize professional competence and adherence to ethical standards by Texas moving companies.

To achieve certification, a mover must meet and maintain criteria to ensure high levels of service and consumer protection. Pinnacle Movers are recognized as the best of the best in the moving industry with a commitment to high levels of service, safety and consumer protection.

The Pinnacle Mover Program is administered by SMA and certification is valid for one year. To achieve Pinnacle Mover status, a company must meet all required standards and criteria.

POINT ME TO A PINNACLE

Only moving companies that have achieved Pinnacle Mover status can display the Pinnacle Mover Seal of Approval in advertising, literature or on equipment.

When you choose a Pinnacle Mover, know you have chosen a company dedicated to the highest ethical and business standards and practices in the moving industry.
